

BOTH SIDES READY FOR STRIKE CRISIS

GOVERNMENT READY TO MEET WALKOUT OF UNION COAL MINERS

Orders Swiftly Sent Out by the Long Arm of the Law to Protect the Public—Railroad Administration Seizes All Coal in Transit.

WASHINGTON, Oct. 30.—The government put on its fighting clothes today to meet the coal strike due to start tomorrow. While order after order popped out with startling time swiftness, the long arm of the law reached out to protect the public and those miners willing to remain at work in the face of union commands to quit.

Most drastic of all moves during the day was the order of the railroad administration for seizure of coal in transit on roads requiring it with rationing of stocks on hand to vital industries.

As the government is able to prevent there will be no prolonging while the grim specter of a coal famine looms before the public. Almost the first order issued tonight, fixing a maximum price for all coal, is the most needed, and it is to that the government will devote its full resources.

Wilson Active.

Breaking down the barriers of cabinet away from his sick bed, President Wilson took an active part in the fight today and personally approved every detail in the general plan of dealing with the situation likely to arise with the outbreak of the coal strike.

Twenty minutes the president, in bed, went over with the general plan of dealing with the situation likely to arise with the outbreak of the coal strike.

Cabinet Meeting Held.

While the only statement given after the special meeting of the cabinet dealt with issuance of orders relating to the fixing of maximum coal price, the members were understood to have conferred seriously on the problem of the coal strike.

Reports received from confidential sources during the last few days indicated that a considerable number of coal keepers on turning out coal would be given in instant measure.

State and city police and regular constabulary forces will be pressed into service first and then called upon as a reserve according to the plan of the government.

Secretary Daniels announced that all sailors and marines were to be shifted to land duty and ordered to military organizations their services are demanded by president.

Rail Administration Order.

The railroad administration today ordered the confiscation of all coal in transit where necessary to maintain a reserve supply to keep roads in operation.

Weather Indications and Temperatures.

Illinois:—Showers Friday; clear in afternoon or night in east and north portions; Saturday cloudy and colder, probably with rain in extreme south portion.

DANIELS OFFERS SUPPORT

WASHINGTON, Oct. 30.—Sailors and marines will be available for land service in any emergency arising from the pending coal strike, Secretary Daniels said today. If called on by the president, the secretary explained, sufficient forces would be landed and ordered to attach themselves to the military commanding officer of the area in which there was need for their services.

WHEELS OF U. S. ARMY ALL SET

Ready for Any Emergency That May Come Up.

SEND TROOPS TO WEST VIRGINIA

CHICAGO, Oct. 30.—High officers of both the central department of the United States army and the Illinois State Military forces tonight had taken cognizance of the possibility that armed forces might be called out for protective purposes after the strike of some coal miners went into effect at midnight tomorrow.

At the headquarters of the central department of the army today it was said that maps of fifteen states within the department showing the location of all coal properties were being prepared. Adjutant General Frank S. Dickson has temporary headquarters here, established in connection with the steel strike, and said today that the state was ready to meet any emergency in preserving order. No messages had been received from Governor Lowden of Illinois, the adjutant general said.

Chicago was in a precarious condition if the strike went into effect, with only a ten days supply of coal on hand, dealers said today, and indications were that industry and business would be seriously affected within a week.

Send Troops to Virginia.

Louisville, Oct. 30.—A provisional battalion 800 strong composed of veterans of the first division, tonight had orders to proceed immediately to the coal fields of West Virginia in anticipation of possible disorder attending the strike of miners there.

The troops would be on their way before morning, Col. C. W. Peabody, acting chief of staff announced, and who said the instructions had come from the headquarters of the central department, Chicago.

Infantry and machine gunners make up the riot battalion it was announced, along with the necessary medical detachment and staff officers.

The provisional battalion's destination was announced as Huntington, West Virginia, where they were to detain and scatter in various towns, according to Col. W. R. Scott, intelligence officer.

Col. W. S. Harrell, commander of the sixteenth infantry and acting commander of the first infantry brigade, was in command of the battalion.

Humphrey in Control.

Chicago, Oct. 30.—Col. E. H. Humphrey, chief of staff of the army, departed tonight for Huntington, W. Va., as the general's representative to investigate conditions in the West Virginia coal fields.

The action in ordering first division troops into West Virginia was taken at the request of Governor Cornwell of that state. The governor was in telegraphic communication with General Wood's office late today. Recent threatened disturbances in the West Virginia fields when Governor Cornwell desisted from their overland marches and alleged threats of violence he would call on General Wood for troops led the governor to request federal protection today, it was said.

Forecast Court Action To Prevent Strike

INDIANAPOLIS, Ind., Oct. 30.—Government court action intended to prevent the strike of bituminous coal miners from becoming effective tomorrow at midnight was forecast here tonight. It was learned that John T. Crayton, special assistant to the attorney general in charge of the bureau of investigation had been in Indianapolis all day directing a corps of investigators in this and adjoining districts. It was reported also that A. B. Anderson, judge of the federal district court had been requested by the department of justice officials to hold himself available tomorrow and Saturday.

The circumstances taken in connection with the departure from Washington of C. B. Ames, assistant attorney general in charge of the enforcement of the food and fuel control act, were taken as indicative of a purpose to seek speedy alleviation of the industrial crisis by court action.

Just what form the action would take was not even hinted at by officials on the ground. The activity of the agents continued throughout the evening.

CONGRESS PLEDGES SUPPORT TO WILSON IN PRESENT EMERGENCY

Resolution Approved After Nearly Four Hours Debate in Senate.

WASHINGTON, Oct. 30.—After nearly four hours debate, the senate today adopted a resolution assuring the administration of the support of congress in maintaining order during the "present industrial emergency."

As finally approved, the senate resolution which requires the concurrence of the house, but not the approval of President Wilson provides:

"That we hereby give the national administration and all officers in authority the assurance of our constant, continuous and unqualified support in the use of such constitutional and lawful means as may be necessary to meet the present industrial emergency and in vindicating the majesty and power of the government in enforcing obedience to respect for the constitution and the laws, and in fully protecting every citizen in the maintenance and exercise of every lawful right and the observance of his lawful obligations."

Adoption of the resolution was preceded by debate which took up virtually the entire session of the senate.

Senator LaFollette entered an "amphibious protest" against the resolution on the ground that it carried an intimation and presumed that the miners were about to engage in something unlawful.

"Up to this hour is was lawful for labor to strike," he said, adding that the strike was the only weapon labor had to deal with capitalistic organizations.

"The government moves very slowly and cautiously against the coal operators and the United States Steel Trust," said Senator LaFollette, "but summarily against this body of wage workers."

Declaring he was "tired of seeing a hundred and ten million people get down on their hands and knees and crawl for half a million," Senator Meyers, Democrat, Montana, declared he was in hearty accord with the evident intention of the administration to use force if necessary to vindicate the law.

"Five hundred thousand bituminous miners have 109,500,000 other people on their knees, and a majority of 500,000 miners are ignorant, illiterate foreigners, led by designing agitators, who appear to want to plunge us into industrial disturbance."

"Some sinister motive appears behind them."

OLD MAXIMUM COAL PRICES ARE PUT INTO EFFECT BY GARFIELD

Order Gives All Questions to Allocating Coal to Hines.

WASHINGTON, Oct. 30.—The order re-establishing the old maximum coal prices of the fuel administration was completed tonight at a conference of Dr. H. A. Garfield and railroad administration officials. It was taken immediately to the white house for President Wilson's signature, but the president had gone to sleep after his arduous day, and it was deemed inadvisable to wake him.

Accordingly, the order will not become effective until tomorrow. Dr. Garfield said that the plans contemplated that all questions of allocating coal would be left to Director General Hines for settlement. The former as fuel administrator will give his authority to Mr. Hines' orders, but will not remain in Washington to undertake the supervision of the work.

Dr. Garfield said that the point had not been reached necessitating curtailment of industries, but if it is necessary eventually the curtailment list prepared by the fuel administration for the war industries board during the war probably would be used. The war industries board that, of course, he explained, would not get the treatment they did during the war and might be cut off altogether.

Price control over anthracite the fuel administrator emphasized would not be exercised at this time. He made the statement regarding anthracite to correct a previous assertion that the control would cover prices of both soft and hard coal.

LAND LEASING BILL ADVANCED

WASHINGTON, Oct. 30.—Legislation for the leasing of government owned mineral lands was advanced toward final enactment today by the house in passing by a vote of 165 to 39 the oil and coal land leasing bill.

Vain efforts were made by Representatives Raker, California, and Griffin, New York, Democrats to incorporate in the house bill provisions similar to the Harris amendment of the senate measure which proponents urged would prevent monopolizing control of the leased lands.

Little change was made in the house committee draft. Through a complete redraft of the senate bill, the house measure contains many provisions which are the same as in the senate draft. Under both bills, titles to the lands is retained by the government but leasing is permitted on a royalty basis.

SEVERAL INJURED IN WRECK

Fort Worth, Texas, Oct. 30.—Several passengers were injured when the second section of a southbound passenger train on the Fort Worth and Denver crashed into the first section at Rhame today.

R. C. Mogler of Rock Island, Ill., was seriously injured but is expected to recover.

LLOYD GEORGE GIVEN VOTE OF CONFIDENCE.

London, Oct. 30.—(By The Associated Press).—The government was given a vote of confidence in the house of commons tonight on its financial policy, by an overwhelming majority of 355.

STRIKE VOTE ORDERED

ST. LOUIS, Oct. 30.—A strike vote was ordered today by the 21 chairman of the Order of Railway Telegraphers, representing 23,000 men in the Chicago district, after a twenty-four hours wait for a reply to a telegram sent yesterday to Director of General Railroads Hines asking that the alleged increase of five cents an hour, granted by former Director General McAdoo be allowed.

BELGIANS VISIT IN U. S. ENDS

Albert Has Short Chat with President Wilson

START TRIP HOME TODAY

WASHINGTON, Oct. 30.—King Albert and President Wilson clasped hands today.

The meeting at the president's bedside, brief as it was, proved the climax of the American visit of the Belgian monarch, and he left Washington late tonight, a happy man, to sail for home from Newport News at noon tomorrow on the Transport George Washington.

From the day he landed the pleasure of his tour has been marred by anxiety over the president's condition, and he had abandoned hope of being able to see him.

When he drove to the white house, Albert had little expectation of being able to see the man for whom he has expressed the highest admiration. Only at the last moment, at the president's earnest request did Rear-Admiral Grayson, his physician, consent to a brief chat. The king went alone to the sick room, operating the elevator himself. His call lasted ten minutes.

The visitor seated himself at the right of the bed and the president apologized for not being able to rise, but the king expressed deep gratification at being able to see him at all.

Mr. Wilson remarked that it was a very happy occasion and showed great interest in the transatlantic tour of the Belgian monarchs.

Albert related incidents of the journey many of them amusing for he has a keen sense of humor, and spoke of the remarkable development of the United States in the 21 years which have elapsed since his previous visit.

Mr. Wilson asked about conditions in Belgium, England and France and listened eagerly to Albert's replies.

He required particularly about Premier Lloyd George and Clemenceau, voicing high regard for both of them.

As his majesty was leaving he leaned over the bed to shake Mr. Wilson's hand again and said: "I hope your ideas and ideals will be carried out and I believe they will be."

"I am anxious to stay as long as I can," Albert said repeatedly to Dr. Grayson. "Will you let me know when I must go but please don't make it too soon."

After the departure of the king the president expressed a desire to see Queen Elizabeth who was having tea with Mrs. Wilson. Dr. Grayson consented and her majesty went eagerly to the executive's bedside where she remained five minutes. She told Mr. Wilson with one of her charming smiles that she felt much at home with persons who were ill. One of her hobbies is hospitals.

While Elizabeth was in the room the president felt a draft from an open window and asked for his old gray sweater which he cherishes despite the holes which wear its symmetry. He apologized for its appearance remarking "that it was too much to look at but it had done faithful service."

PLANS OF CHIEFS FOR CARRYING OUT STRIKE REMAIN UNCHANGED

Telegram Sent to Washington Characterizing Position of Wilson as That of Usurper—Officials Interested in Department of Justice Plans

INDIANAPOLIS, Ind., Oct. 30.—After dispatching to Washington a telegram to Secretary of Labor Wilson in which the president's position on the coal strike was characterized as that of usurper, the executive board of the United Mine Workers of America today turned to routine business.

Altho the actual strike was less than 36 hours away, the governing body of the union devoted the afternoon to adjusting disputes between locals and individual members and at the end of their session said there was nothing of public interest in the proceedings.

Union headquarters were frankly interested in the arrival here tomorrow of C. B. Ames, assistant to the attorney general in charge of suits brought under the anti-trust and fuel and food control laws.

The union leaders learned with apparent equanimity that there had been unusual activity among local agents of the department of justice and professed faith that their every act had been under warrant of constitutional rights which no statute would abrogate.

At the office of the United States district attorney there was no announcement as to what proceedings might be instituted in regard to the strike.

No Physical Damage.

The union officials said the mine owners and public could rest assured that no act of the organization would be allowed to work physical damage to the coal diggings.

Building fences against the charges that the demand for a six hour working day was calculated to reduce production, the statisticians of the union assembled figures which they said proved that even the country's peak production of 685,000,000 tons of bituminous coal in 1918 was not the limit of industry. They said this was dug with the mones averaging only about seventy per cent of capacity and with the skilled working force reduced by 80,000 men in the army and navy.

Out of a possible 312 working days in the year, they said, Western Pennsylvania miners averaged 260, Indiana 249, Illinois 228 and Ohio 224. The bulk of the bituminous tonnage came from those states.

Against this record they set figures for 1919, which they said showed that the mines had operated at not to exceed 50 per cent of the time. Despite this reduction in time, they said, the 1919 production of the country up to October 18 was 379,000,000 tons, only 102,000,000 tons less than in the same period of 1918. They estimated that the mine workers will not average more than 180 working days in 1919 and claimed that a full working force working steadily throughout the year can produce 800,000,000 tons if need be. They said the estimated needs of the country for 1920 were 550,000,000 tons.

8-Hour Day Too Long.

"These figures show," said Ellis Searles, editor of the union's magazine, "that there are too many miners in the coal business for an 8-hour day. The shorter day would distribute the work evenly throughout the year and it would take only a short time to educate consumers to buy on the basis of steady, rather than seasonal production."

Furthermore 8 hours may be short enough for men to work in the fresh air and sunlight but it is too long a period for continuous labor in the dark under forced ventilation. Men work themselves out quickly in dungeons.

Increased wages are necessary, he said, because in 1918 Illinois mine workers of all classes averaged earnings of \$1,390.38. The first six months of 1919 showed average earnings of \$572.08, he said, indicating decreased earning powers in the face of constantly mounting living costs. From January 1, 1913 to July 1, 1919, he said, the mine workers of the central competitive field had increased yearly earnings of \$873.85.

FISHERMEN LOST

Boston, Oct. 30.—Vessel fishing out of this port lost many men when a squall swept over the fishing grounds last Tuesday. Crews returning here today told of vessel after vessel from which men were cut off while hauling trawls.

Captains of two schooners, Rockford, Kanakoe, Springfield, Rock Island, Aurora, Waukegan and other cities in the revenue district.

CHARGED WITH EMBEZZLING \$80,000

Lorain, Ohio, Oct. 30.—W. W. Treble, former assistant cashier of the City Bank of Lorain, charged with embezzling \$80,000 from the bank on August 5 last, pleaded guilty in court today and was given an indeterminate sentence in the Ohio penitentiary.

ELLA WHEELER WILCOX DEAD

Mrs. Ella Wheeler Wilcox, author and poetess, died at her home, The Hungalow, in Branford, today. Mrs. Wilcox had been ill for some months, having had a nervous collapse while engaged in war relief work in England.

Talking about fair prices, what about present prices of apples? And this is an apple country.

Try oleo and you may cease to worry about the price of butter.

The whole world is in debt, but it does not seem to worry any one very much.

The president's endeavor to stave off nation wide prohibition

has made many old toppers grateful. Liberty bonds are becoming more attractive every day as their price advances.

In many respects the election next Tuesday is one of the most important held for years in this state and every citizen should go and vote.

Print paper has advanced to \$7.05 per hundred pounds in car lots, four times pre war prices, and is very difficult to get even at that price. It is becoming a struggle for many papers to exist as prices advance.

A Chicago paper says "the dilemma of the man who has laid on a large private stock of liquor and wants to move after his landlord raises his rent and finds he cannot take his private stock along is one of the sad things of the immediate future."

The report made by the National Education Association showing that more than one hundred thousand positions in the public schools of the country are either vacant or filled by teachers below standard is a startling one. Attendance at normal schools has decreased more than twenty per cent in the past three years.

People have become so accustomed to high prices that they fail to speak of reductions in the cost of any commodity. You have all heard of the high prices of meats and that notwithstanding the reduced price of hogs, there has been no decline in the cost of pork at the butcher shop. But the men in the business of distributing meat tell us there has been a decline in the price and are ready to show you, if necessary. Pork is not as fashionable or in as great demand as when the price was higher.

THE FARMER

The Chicago News has discovered that the farmer is in existence and has a grievance. It says:

Discontent on the part of the American farmer is a fact that will have to be reckoned with by elements that have all but overlooked agriculture, the nation's basic industry. The farmer is demanding recognition, but only as a means to an end. He has serious grievances and he feels that he has not had proper attention from the public at large.

The price of the commodities that the northern farmer has to sell has declined, in some cases sharply. This is true of pork, beef and corn. The price of wheat is still guaranteed, but already the government has warned the wheat growers against the effects of another large wheat crop. Even at present prices farmers are sustaining severe losses; the future they hardly dare face. In the midst of the general cry for more production the farmer is told that he is producing beyond the nation's requirements. At least he has not shirked his tasks, heavy as they are.

Meantime what of the prices of things the farmer has to buy? What of the wages of agricultural labor? These are still going up. The cost of producing and doing business on the farm continues to mount and the farmer has heard of no suggestion emanating from the radical labor agitator or the professional politician that even hints at remedy for this situation.

But there are remedies. The Illinois Agricultural association has just held a meeting in Chicago at which these matters were discussed. The resolutions adopted condemn strikes and lockouts, demand the adoption of effective methods of settling labor disputes and recommend a ten hour day for all productive industries "in order that farm labor may be on a par with other forms of labor."

The farmer, as a rule, is conservative, stable, self-reliant and thoroughly American. He has no sympathy with destructive radicalism. He is entitled to justice. He cannot obtain justice unless profiteering and extravagant demands on labor's part are checked, unless production in all branches of industry is stimulated and industrial peace is maintained.

Rippling Rhymes
By Walt Mason

add RIPPING RHYMES
The Strike Fever.

My job is all I could desire, I yield me handsome pay; I wrestle with my blooming type for eight brief hours a day. I ought to think myself in luck, to have a job I like, but all other boys have struck, and so I think I'll strike. No stern oppressor grinds my face with cruel iron heel; to tyrants in the higher place I make no vain appeal. No rank injustice I lament, my spirit isn't sore; I have no grievance worth a cent, that makes me walk the floor. But I see all the striking lads parade along the pike; they've quit their work in all the grades, and so I think I'll strike. I am the only man at work in all this lovely land, who does not find his laborers irk, who makes no stern demand, I'm satisfied with what I do, and with the pay I get; each day I earn three bones or two, in damp but honest sweat. I'm treated better than a king, and life seems pretty slick; and as I sit around and sing I can't think up a kick. But I am lonesome all the day, the one contented guy; the rest have thrown

their tools away, and they go marching by. I see them waving bright red flags as up the street they hike; and so my lifting labor drags—I rather think I'll strike.

WOODSON LADIES' AID TO SERVE BURGEOO SOUP

Aid Society of Christian Church of Woodson to Serve Burgoo Soup November 3—Other Items from Woodson Vicinity.

Woodson, Oct. 30.—Mr. and Mrs. Wilbur Kitcher and family returned to their home at Lamar, Mo., last week. Mrs. Kitcher came in July to care for her mother, Mrs. Clara Henry, whose death occurred on Oct. 17, at her home here.

The Ladies Aid of the Christian church will serve Burgoo soup, also sandwiches, pie and coffee on Tuesday, Nov. 3rd.

C. C. Self served on the jury last week.

Mr. and Mrs. Charlie Riggs and little son of Jacksonville visited relatives here last week.

Mrs. George Newman, Sr., has been very ill, but is reported better at this writing.

Mrs. Edward Gallagher and grandson, Marion Smith visited her brother John Wild and wife at their home in Murrayville Tuesday last week.

Dr. G. W. Miller and niece, Miss Marie Megginson, returned home last week from a visit at St. Charles, Mo.

Miss Clara Bell Megginson spent a few days with her sister, Mrs. Harry Ling and family, at Pleasant Hill recently.

Mrs. Willet Jones and little daughter Shirley Lee of Detroit, are guests at the home of her mother.

Mr. and Mrs. Fred Henderson and son Harry Jackson went to Litterberry last Friday to attend the fifty-fifth wedding anniversary of the former's parents, Mr. and Mrs. Jackson Henderson.

Mrs. Aleda Vasey Megginson of Galesburg visited her grandparents, Mr. and Mrs. Dallas Train in the past week.

BAPTIST REVIVAL

The meetings at First Baptist church, under the leadership of Evangelist Yule and Mrs. Yule, are growing in interest and numbers notwithstanding the rainy weather.

Rev. Mr. Yule is a strong revival preacher and presents his messages with deliberation and power, winning the respect and admiration of all classes of people.

Pastor A. A. Todd is arm in arm with the evangelist and is urging all to come and hear the full gospel truth.

The afternoon services of Thursday was the richest thus far on the Second Coming of Christ. The Friday afternoon services on the Second Coming of Christ will be the last and best of the series.

The sermon Thursday night was on "An Observing God" from Gen. 16: and Prov. 15:3. "Thou God seekest me" and "The eyes of the Lord are in every place beholding the evil and the good."

No man, woman, boy or girl, said the evangelist, can get away from God.

All life is a steady progress toward something. If in the narrow broad way, it is toward destruction.

What are the multitude seeking? Pleasure, entertainment, the cares of the world and the deceitfulness of riches, in fact, everything, but preparing to meet God.

The theme for tonight will be: "Forces That Win." The public cordially invited. No Saturday meetings.

A SUCCESSFUL HOG FEEDER'S METHOD

Murrayville Farmer Has No Trouble With Stripes, Walk-Outs, or Other Labor Problems.

David Stansfield of Murrayville is a successful hog feeder and has his own way of doing it and says he never has any trouble with strikes, lockouts, hours of labor, rate of wages, or anything of the kind. When he plants his corn he uses about half a bushel of soy beans to fifteen acres along with the corn and when the corn is ripe enough he turns in his hogs and they do the husking all right. The beans help make a balanced ration and for five years Mr. Stansfield has followed this plan with satisfactory results. The beans make a balanced ration and have a beneficial effect on the land and the hogs running on it also tend to fertilize the soil. Mr. Stansfield doesn't believe in being reckoned in the category of land or fertility robbers but uses phosphate and lime stone on his land and makes it pay.

SEND OUT SUPPLIES FOR RED CROSS CAMPAIGN

Red Cross Headquarters in Public Library Presented Busy Appearance Thursday—Personnel of Executive Committee Made Public.

The Red Cross headquarters at the public library took on a businesslike appearance Thursday when work was started on getting the supplies and advertising material out for the campaign for the Morgan county membership which is to begin next week. These supplies were all received from the Chicago office and must be distributed to the branches in the county from Jacksonville.

Charles H. Hall, who so ably looked after the supplies during the last campaign has taken over this work for the present campaign. With his assistants he was busy yesterday afternoon sending out supplies to the county branches.

Mrs. M. E. Gilbert has been appointed to act as cashier next week during the campaign and will have complete charge of this part of the work.

Robert Coe, chairman of the Waverly branch, telephoned to headquarters yesterday asking that campaign material be sent them in time to be given out at hold Friday night. Last year Waverly secured 50 memberships to the Red Cross and with the many boys returned from service they expect to do as well this campaign.

A luncheon will be held Saturday noon at the Peacock Inn at which time the executive committee, chairman of the branches at Waverly, Alexander, Chapin, Concord, Franklin, Lynnville, Meredosia, Murrayville, Woodson and the captains and assistants of the city wards will get together for a business session. All city workers will be called together at a meeting to be held next Monday evening.

Executive Committee.
That executive committee is as follows:

Rev. M. L. Pontius, M. F. Dunlap, Albert Metcalf, H. M. Capps, Albert Crum, Litterberry; Dr. F. H. Metcalf, Franklin; E. A. Brennan, Robert Coe, Waverly; Mrs. J. W. Cleary, Mrs. P. J. Heindl, Mrs. M. E. Gilbert, Mrs. Lillian King, Mrs. M. D. Shanahan, Mrs. Ben Lorton.

Deaths

Johnson

The death of Isaac M. Johnson occurred at 9:30 o'clock Wednesday evening at Our Savior's hospital, where the deceased had been a patient for a number of days. Mr. Johnson was 84 years of age at the time of his death. He was born in Scott county and made his home there until a few years since. At that time he came to this city and has since resided with his sister, Mrs. S. E. Moore at 500 East Morton avenue.

The deceased is survived by his sister, Mrs. S. E. Moore of this city, and two brothers, James P. Johnson of Kansas and Robert Johnson of Quincy. He is also survived by two children, Mrs. Ellen Edwards of this city and Mrs. Emma Hadley of Effingham. His wife preceded him in death a great many years ago.

Funeral services will be held this morning at 10:30 o'clock at the home of Mrs. Moore, 500 East Morton avenue, in charge of Rev. Myron L. Pontius. Interment will be made in Jordan cemetery.

Stevenson

Mrs. Elizabeth Reynolds Stevenson, wife of Wm. J. Stevenson, passed away at the Research Hospital, Kansas City, at 10 p. m. Oct. 28th. She had been in apparent good health until five days before her death when she was violently stricken with pneumonia complicated with heart disease and on the advice of the best physicians was removed to the hospital mentioned and everything that the best medical skill of the great city could do was done for her but all in vain and the grim reaper claimed her for his own.

She was the daughter of Mr. and Mrs. Ralph Reynolds and was born in Blackpool, England, March 15, 1858. Her parents were natives of England and were married in this country at an early day and in 1849 the father went to California where he was successful in the quest for gold. Returning they removed to England and remained there a number of years and it was there that both Elizabeth and Emma were born. Returning to this country Mr. Reynolds bought and occupied the farm now owned by W. S. Rice and located near the mound. He gave that up later and for a long time resided in the city until his death.

She received the best educational facilities this city afforded and was especially proficient in music graduating from the Illinois Conservatory with honor.

She was married Nov. 8, 1884 to Wm. J. Stevenson and the young people at once removed to Aurora, Nebraska, where Mr. Stevenson followed the practice of law until 1912 when they removed to Kansas City. Responding to telegrams, her sister, Miss Emma and brothers R. C. and R.

B. of this city and vicinity were at her bedside when she passed away.

She is survived by her husband, two daughters, Miss Helen E. and Eloise Mae; brothers Thomas C., Ralph B., and R. C. of this city and vicinity and Charles W. of Jersey City, New Jersey, two sisters, Miss Emma and Fanny, Mrs. W. S. Rice, of this place. One brother, James and one sister, Sarah, Mrs. Wm. Beckett of Paris, Kentucky, are dead.

Mrs. Stevenson was a member of the First Baptist church of this city and was ever a force for good. Highly cultivated, of a strong yet gentle character, she was at once a devoted wife and mother, putting her all on the family altar, and at the same time prominent in society, a cultivated club woman, active in church work and esteemed and appreciated by all who knew her. Her death will make a sad vacancy in many circles in which she moved and was beloved while the stricken family sustain a loss they only can realize and will have the sincere sympathy of all who know them.

Brief funeral services were conducted Wednesday afternoon at the undertaking parlors of Stine & McClure, Kansas City, by Rev. George Combs, pastor of the Independence Avenue Christian church with which Mrs. Reynolds was affiliated. The outpouring of friends, the floral tributes and eloquent remarks of the eminent divine officiating, all were strong testimonials to the esteem in which the deceased was held.

Accompanied by husband, daughters, brothers and sister, the remains arrived here at 3 o'clock Wednesday morning and were prepared for burial by John G. Reynolds and taken to the family home, 1405 West College avenue, where the funeral will be conducted at 2:30 o'clock Saturday afternoon and meantime friends desiring to view the remains may call at any time before the funeral.

Her niece, Mrs. James T. Jefferson of Paris, Kentucky; Mrs. C. S. Rannels, Chicago, sister of Mr. Stevenson; C. W. Reynolds, brother of Jersey City, N. J., and Lieut. Wm. C. Preston, assistant paymaster U. S. Navy and just arrived at Portsmouth, New Hampshire on the steamship Des Moines from a cruise to Archangel, Russia, fiancée of Miss Eloise Mae Stevenson, are expected here to attend the funeral.

W. M. Corrington of Springfield passed away at his home in that city Thursday morning. Deceased was the son of J. W. Corrington and was at one time a resident of Jacksonville. He is well and favorably known here with a large number of friends.

Mr. Corrington is survived by two sisters, Mrs. J. W. Woods and Mrs. Marvin Thompson, and three brothers, Charles, Clifton and J. B. Corrington. Arrangements for the funeral will be announced later.

Funerals

Johnson

Funeral services for Mrs. Emma Edith Johnson were held from Centenary church at 10 o'clock Thursday morning in charge of the Rev. D. V. Gundy, assisted by the Rev. A. A. Todd. Mrs. E. D. Canatsey sang several solos.

There were many beautiful floral offerings and these were cared for by Mrs. T. A. Ebrey, Miss Clara Smith, Miss Marian Blair, Miss Ruth Wilkinson and Miss Garneda Phelps.

Burial was in Asbury cemetery the bearers being Russell Arter, Louise Cannon, Earl Fitch, Fred Lynn, Farrell Dodsworth and Paul Wilkinson.

IN MEMORIAM

In loving remembrance of John Phalen who was killed in Audenarde, Belgium, while serving with the 362nd infantry one year ago today.

Somewhere in France, where duty led He fills a patriot's grave. Only the lark knows the hallowed bed.

Where lies our soldier brave. Sacred is the ground where a soldier sleeps. Who came at his country's call. Onward the tide of battle sweeps. Only the lark over his bosom weeps.

Yet he gave the world his all. By a Friend.

INDIAN CREEK DRAINAGE CASE

Hearing Proceeds in County Court—Number of Days Will Be Required for Evidence.

In the county court the hearing with reference to Indian Creek Drainage district No. 2 is in progress and will continue for a number of days. Judge Samuel is presiding and numerous witnesses are being summoned in behalf of objectors. Much of the day yesterday Mr. Willis, engineer for the C. B. & Q. Railroad, was on the stand. The proceedings yesterday moved along quite peaceably and somewhat at contrast with the record of the day before.

At the earlier session there was such a disregard of court room etiquette that one of the attorneys was assessed a fine of \$50 by the court. However, the following few minutes there was a series of apologies, the fine was remitted and the whole proceeding was wiped from the court record.

man and I hope you will follow in his foot steps."

The royal special train which has carried the Belgian party more than 9,000 miles will complete its service at Old Point Comfort at 9 o'clock tomorrow. It will be sidetracked for several hours at some quiet spot so the passengers will be refreshed for their last hours in this country. Before embarking on the George Washington, the Belgians will witness the flooding of two new drydocks at the Norfolk navy yard.

GOVERNMENT READY TO MEET WALKOUT OF UNION COAL MINERS

(Continued from Page One.)

the following statement:

"In order to interfere as little as possible with the normal course of coal traffic, the railroad administration up to the present time has permitted coal to go to the designated consignees. For the last two weeks open coal loading has been devoted to coal loading to the exclusion of other classes of traffic and the movement of such equipment has been expedited so as to facilitate the maximum production of coal. The result has been an exceptionally heavy coal production.

"It having been necessary, however, to be prepared to insure against all temporary contingencies that the transportation service be protected, regional directors have now been instructed to see that each railroad shall accumulate a necessary reserve of coal when it is not already on hand, purchasing such coal if possible, and otherwise holding coal in transit. The practice thus resorted to is a practice which railroads have always employed in emergencies whether under private or public control and has been recognized as indispensable to the maintenance of an essential public service.

Priority of Supply. "In holding such coal exemptions will be made as far as possible of coal destined to certain classes of consigners in the following order of priority which is the basis of priority adopted during the war by the fuel administration:

"1—Steam railroads; inland and coast-wise vessels.
"2—Domestic, including hotels, hospitals, and asylums.
"3—Navy and army.
"4—Public utilities, including plants and such portions of plants as supply light, heat and water for public use.

"5—Producers and manufacturers of food, including refrigeration.

"6—National, state, county and municipal government emergency requirements.

"7—All bunkers and other marine emergency requirements not specified above.

"8—Producers of news print paper and plants necessary to the printing and publication of daily newspapers.

"Coal held in transit is not to be unloaded in storage nor used until actually needed, so that if its use is later found necessary, it can be forwarded to destination whenever practicable.

"Instructions issued provide that there will be as little disturbance as possible in the distribution of coal but at the same time protecting the necessities of the railroads which have a public duty to perform."

STRIKE AT HAMMOND ENDS

Hammond, Ind., Oct. 29.—Following a conference between Standard Steel Car Company, the locals and labor union leaders, the strike at the car works ended today when 1,500 workers entered the gates for the first time since July 18. The company granted a 7 per cent increase in wages. The plant will continue to be operated as an open shop. The blacksmiths, electrical workers and machinists who struck with the unskilled workers, will return to work tomorrow.

FINANCES DEBATED IN HOUSE OF COMMONS

LONDON, Oct. 30.—The main interest of the finance debate in the house of commons was in the speeches of Austen Chamberlain, chancellor of the exchequer, and Winston Spencer Churchill, secretary of war, defending and justifying expenditure as inevitable after the war. These ministers and Mr. Bonar Law, the government leader referred in terms of regret to the delay of the United States in accepting a mandate for Turkey as adding to the government's responsibilities.

FAVORITE LODGE CONFERRED RANK

Three Candidates Given Rank of Knight at Regular Meeting—Dokays Plan Regular Meetings.

Charles Strawn, Lawrence Dye and Richard Dodsworth were given the rank of Knight at the regular meeting of Favorite Lodge No. 376 held Thursday evening.

Ten new applications for membership were received and the coming winter months promise to be one of unusual activity for Favorite Lodge. James B. Swift of Chicago was present at the meeting.

The lodge also selected a representative to attend the district meeting to be held in White Hall November 6. Jewell E. Scott will represent the lodge and George A. Wiseman will represent Jacksonville No. 152. It is probable that a number of other members will also attend the meeting.

Dokays Plan Meetings. The three candidates who received the rank of Knight Thursday evening also signed applications for membership in the Dokays and will cross the hot sands at the ceremonial to be given on Thanksgiving day.

Ildem Temple No. 62 expects to hold regular meetings on the first Monday of each month. The first meeting will be held next Monday. A pleasing program has been prepared and an oyster supper has been arranged for this meeting. Twelve cards are already in for the Thanksgiving ceremonial and a number are expected before that time.

being present. Nearly all were masqued and there were some fine as well as grotesque costumes. After some time had been spent socially, the masqueraders chose sides and unmasked before the audience. The party was under the supervision of Mr. McKain and Miss Miller, teachers of the school, and the proceeds will be used to purchase things needed for the school room. Thirty-five pies were auctioned off and about \$25 was cleared.

Celebrated Fiftieth Wedding Anniversary.

Wednesday evening at the pleasant country home of Mr. and Mrs. John Ehler, Sr., southwest of the city, relatives gathered to celebrate the fiftieth wedding anniversary of Mr. and Mrs. Ehler. A bounteous feast was served at seven o'clock and the evening was spent merrily in games and conversation. Mr. and Mrs. Ehler were the recipients of a number of presents in keeping with the occasion. Among those present were Mrs. Charlotte Carpenter and family, Mr. and Mrs. John Ehler, Jr., and family, Mr. and Mrs. E. L. Killam and family, and Mr. and Mrs. M. B. Crabbe. Two daughters, Mrs. T. H. Hagstrom of Chicago and Mrs. Irma Meyer of Winetka were unable to be present.

Hallowe'en Party at State Hospital.

A Hallowe'en party was held at the Jacksonville State Hospital Thursday evening for the patients of the institution. There were a number of the patients both from the main building and from the annex who were permitted to participate in the evening's pleasure. The affair was in the nature of a masquerade. The bakery baked two big cakes for the event and these were awarded to the patients having the best costumes. Refreshments suitable to the Hallowe'en occasion were served.

Catholic Ladies Aid Held Open Meeting.

The Catholic Ladies Aid of the Church of Our Savior held an open meeting and Hallowe'en social in Knights of Columbus hall Thursday evening. Two hundred were present and the occasion proved one of great pleasure, dancing forming one of the principal amusements of the evening. The hostesses of the evening were Mrs. Joseph Mallen and Mrs. Louise Steer. Refreshments of pie and coffee were served.

Queen Esther Circle Entertains.

The girls of the Queen Esther Circle of Centenary church gave a Hallowe'en party Thursday evening at the home of Miss Dorothy Dodsworth on South East street. Each member brought one guest. The house was decorated in a manner suggestive of the season and the girls went disguised as ghosts. The subdued lights and ghostly screams, it is said, added much to the realistic effect and to the fun. Prizes were awarded Miss Clara Smith and Miss Helen Forsythe. Refreshments were served and the guests returned to their homes at a late hour.

Business College Students Gave Hallowe'en Social.

Three hundred were in attendance at the Hallowe'en social given by the students of Brown's Business College at the school Thursday evening. The basement was artistically decorated with pumpkins, corn and other things emblematic of Hallowe'en. There was much merriment during the evening. One of the features was a museum in which were displayed the following:

Most cruel kitchen utensil, egg beater.
Ancient means of locomotion, shoes.
Petrified bat, brickbat.
First coathanger, nail.

How you will look 100 years from now, skull.
There was a candy wheel, popcorn booth, and refreshments of ice cream, pumpkin pie and sandwiches were served.

After some time had been spent in the basement, the company went upstairs where a social time was enjoyed and dancing indulged in until a late hour.

The committee in charge was composed of Principal F. B. Mauck, R. C. Allen, Frank Caldwell, Annabel Crum, Clara Fletcher, Alice Hurd, Helen Jackson, Ernest LaBoiteaux, Franklin Matthews, Esther Sample, Sylvia Skeen, Orville Stumberg, Louise Walbaum, Norine Casey.

Westminster Supper.

A chicken pie supper was given at Westminster church last night by Mrs. J. Marshall Miller's Circle of the Ladies Aid society. Supper was served from 6:30 to 7:30 o'clock and the patronage was generous. The women of the circle together with younger assistants, served a most excellent supper and everyone who attended was accorded the most courteous attention. Members of Mrs. Miller's circle are Mrs. R. R. Stevenson, Mrs. A. H. Dole, Mrs. J. G. Gunn, Mrs. Charles Gilbert, Mrs. James E. Bentley, Mrs. Emma Bland, Mrs. C. B. Massey, Mrs. M. M. McComb, Mrs. Ernest Tilton, Mrs. J. W. Walton, Misses Marion and Maggie Tholen, Marion Miller and Mrs. Emma G. Smith.

Humane Society Dinner a Success.

Humanity to animals, good cheer and a splendid feast were the order of the day at the Central Christian church last evening. The officers of the Jacksonville Humane Society had been busy and not in vain. W. A. Jenkinson, president, Dr. and Mrs. C. E. Scott especially, and some others, had been busy disposing of four hundred tickets for the benefit of the society, and had arranged with the Pastoral Helpers of the Central Christian church to serve a chicken pie supper and to say it was delicious, admirably served and all that could be desired in putting it mildly.

At 5:30 people began to arrive and the capacity of the banquet hall, about 225, was speedily occupied. Service was so prompt and efficient that the second table occupants were not long kept waiting and there was an abundance for every one. All were loud in their praises of the feast and well they might be. As a great deal of the material was donated, a considerable sum will find its way to the coffers of the society whose noble work needs no commendation.

Eastern Star Had Home-coming.

Wilbur Chapter No. 358 Eastern Star had a right merry gathering of members and friends in the Masonic temple last evening to enjoy a home-coming and Hallowe'en party. A great many gathered there for all know what this body of good people can accomplish when once they set out to have a good time and this occasion was no exception. The Worthy Matron, Mrs. W. C. Rahn, presided and announced the following program.

Music, 30 minutes, Centenary Orchestra, John Keane, leader.
Address of Welcome—Worthy Matron.

Reading—Miss Esther Harper of the Woman's College.
Two Vocal Numbers—Miss Fern Haigh.

Reading—Miss Dorothy Remley of the Woman's College.
Piano Solo—Miss Claribel Megginson.

Reading—Miss Mary Forsythe.
Three Vocal Numbers—Miss Inez Canatay.
All the numbers were excellent and called forth loud encores which were responded to by the various talented performers. The company was then divided into groups of six and a guessing contest followed and various social pastimes were enjoyed. A fortune telling booth with a gypsy inhabitant called for much fun. Hallowe'en refreshments followed and ended a very enjoyable occasion.

George Schaaf Gives Party for Customers.

George Schaaf of Franklin gave a Hallowe'en party for his customers and friends in Marquette hall in that place Thursday evening. He had issued 1,100 tickets and the hall was not large enough to hold all of the company. The program opened with a brief talk by Mr. Schaaf followed by addresses by W. N. Luttrell and Father Smith.

Miss Dorothea Sargent furnished music during the evening and vocal numbers were given by Blanche Harney, Allene Austin, Grace A. Roberts and Joseph Seaver.

The guests were all masqued and prizes were given by Mr. Schaaf.

The judges were: Dennis Whalen, M. B. Keplinger and Mrs. William Rees. The awards follow:

Rube—Lester Tannahill, box Elmaco cigars.
Alabama Jubilee Singers—Hurricane Neck School, box candy.

Homo—C. E. Cousins, box Elmaco cigars.
School Girl—Miss Nuel, box candy.

Boy Pickaninny—Edward C. Baker, drum.
Virginia Jubilee Singers, girls—Anna Wright, box candy.

Girl Pickaninny—Mollie Baker, doll.
Uncle Sam—Allen Reeves, searchlight.

Liberty—Eunice Woods, box candy.
Best character in house—Miss Scott, carving set.

Sweepstakes—Miss Lila Seymour, large flashlight.
Old Maid—Miss Lila Seymour, box candy.

Twelve little girls gave a fairy drill. Mr. Schaaf had a large pumpkin set on a table and the candy was handed out of this to the fairies.

Yagan Wigwam Boys Gave Party.

Members of the Yagan Boys Wigwam gave a party Thursday night at the home of Robert Frisch on West College avenue, with members of the Junior Camp Fire as their guests. It was a Hallowe'en event of course and the boys and girls all appeared in fancy masquerade costumes. The time was spent in a series of delightful games and music had an important place in the evening's program. The guests as they arrived entered the house thru the cellarway and the house decorations were quite in accord with the Hallowe'en spirit. Fortunes were told and there were

various mysterious events on the program. The refreshments were in keeping with other details.

Mrs. Frisch, Miss Edith Jordan, guardian of the Junior Camp Fire, Mrs. W. T. Wilson, Mrs. J. E. Wharton, and Hugh Wilson and Franklin Scott, leaders of the Wigwam boys assisted in entertaining. Rev. W. E. Collins was also one of the company. In every way it was a very successful Hallowe'en event.

Senior Class Enjoys Masquerade.

The members of the Senior Class of the Jacksonville High School enjoyed a masquerade and Hallowe'en party at the David Prince gymnasium Thursday evening. The time proved most pleasant in every way and the various games, contests, and "stunts" added to the merriment of the occasion in no small degree.

Practically all of the ninety-three members of the class were present.

The prize winners of some of the contests are given herewith: Cracker and whistling contest was won by Miss Gertrude Wetzel.

Walking chalk line won by Martha LaRue.
Ducking for apples won by Prof. Hopkins.

Feeding cracker contest won by Katherine Wetzel and Russell Arter.
Prof. Raymond Hufford's recital of a ghost story was much enjoyed and very realistic.

The fortune teller of the evening was Mrs. Leurig and proved one of the entertaining features of the evening.

The refreshment committee consisted of Egbert Hunt and Roscoe Smith.
The refreshments consisted of cider, apples, ice cream, and cookies.

Miss Minnie Balcke is the class adviser and the following are the officers of the class:
President—Florence Chapin.
Vice President—Donald Ransdell.
Treasurer—Ivan Smith.
Secretary—Vernie Smith.

The committee in charge of the entertainment last evening was composed of the following members of the class: Arthur Green, chairman; Marion Spruitt, Opal Brown, Lester Cornick, and Albin Molohon.

will be with us all this week and will give ABSOLUTELY FREE a Set of Aluminum Ware to each purchaser of a Range Eternal

Why You Need the Range Eternal
Everlastingly Good

DURABILITY—Rust-proof tops, and rust-proof flues, are the chief reasons for the superior durability of the Range Eternal. The Range Eternal user has no fear of rust and corrosion, for Range Eternal tops and flues actually are rust-proof. And Range Eternals are constructed from unbreakable malleable iron and Wellsville polished steel—which give Range Eternal users a lifetime of perfect kitchen service.

ECONOMY—Range Eternals require less fuel, because every seam is sealed by rivets or by welding. No chance for heat to leak out, or cold air to leak in in the Range Eternal. Not a speck of putty is used, because puttied ranges can never be air-tight ranges. The hot blast and other features, also add to the economy of the Range Eternal.

BEAUTY—It is an old saying that "Handsome is as handsome does," but the Range Eternal is more than this, for its appearance as well as its performance is unusually attractive. The clean velvety black top (Range Eternal tops don't rust), shining nickel and polished steel, make the Range Eternal a source of pride to every woman who loves a clean, attractive kitchen.

CONVENIENCE—The great big copper-lined reservoir, pouch feed, poker door, the duplex grates, interchangeable anchor plates, the open thermometer and sanitary high closets, are a few of the reasons why Range Eternal users call it "the most convenient range."

DONATION SALE WAS HELD AT CONCORD

Ladies Aid Society of Christian Church Held Donation Sale—Was Third Annual Event of the Kind—Visitors From Jacksonville.

Concord, Oct. 30.—The Donation sale held by the Ladies Aid of the Christian church on the lawn at the residence of O. T. Harney in the village was well attended notwithstanding the rain. There was a great variety of stuff to sell, and most everything sold well. Bert Way acted as auctioneer and O. T. Harney served as clerk. Six loads of corn sold at prices ranging from \$1.02 to \$1.27 1/2 per bushel. Two loads of wood sold for \$13.75. Ten bales of straw sold at 55 cents per bale. Ten bales of clover hay brought \$1.50 per bale. Some furniture was donated and a few pieces were sold on commission. Chickens, sold well; pumpkins, squashes and such like sold well worth the money. Dinner and supper were served in the Rex-roat building at a very low price considering the quality of the eats served. This was the third annual sale and the best one of all. The exact totals cannot be given but will exceed three hundred dollars and may reach \$320. Had the day been bright a much larger crowd would have been present.

Robert Straight and Marion F. Henderson of the force at Myers Brothers, Jacksonville, were Sunday visitors at the home of Mr. and Mrs. Hubert Webster.

"OCCIDENT FLOUR SCARCE"

"Occident Flour" is scarce. In fact none has been on the Jacksonville market for several weeks. But now all the grocers have a fresh stock as a car arrived yesterday afternoon, consigned to CAIN MILLS.

WILL TAKE MARRIED MEN

Colonel Tanner Says Benedict's May Re-enlist Under Certain Conditions.

Information is given out by Col. E. W. Tanner, local Recruiting Officer, that a man with wife or other dependent may now re-enlist in the Army provided he furnishes affidavit from the dependent waiving dependency.

This offers an opportunity for many married men to again get into the Army, who have been turned down heretofore. In cases of married men accepted under such conditions, no compulsory allotment is required.

No affidavit will be required of men who were enlisted at any time prior to April 2, 1917.

TWENTIETH DISTRICT FEDERATION MEETING

Held Here Thursday at Public Library—Many in Attendance From Other Cities—Luncheon at Peacock Inn.

An adjourned meeting of the Twentieth Congressional District Federation of Women's clubs was held in the Public Library Thursday. The meeting was a continuation of the annual session held in Beardstown last May.

There was a large attendance of members from various parts of the district, business of importance was transacted. Mrs. J. C. Grout, president of the Federation, presided.

Among other things was a discussion of the constitution and the article on dues. It requires money to properly carry on the work and this will have to come thru an increase in dues. It is hoped that every club in the district will consider this matter and work out some satisfactory plan for providing the necessary funds.

Morning Session. The morning was given over to a meeting of the executive board with Mrs. J. C. Grout of Winchester presiding. The minutes were read by Mrs. E. D. Bied of Bluffs, secretary. The Good Will club of Pittsfield was welcomed into membership.

After the announcements of the program of the day by the chair the following vacancies were filled.

District Chairman—Miss Harriet Siebert, Jacksonville.

Legislation District Chairman—Mrs. C. C. Dutch, Beardstown.

Civil Service District Chairman—Mrs. Carl E. Black, Jacksonville.

Public Health District Chairman—Mrs. Frank Johnson, Milton.

Home Economics and Pure Food District Chairman—Mrs. Cal Simmons, Scott county.

Luncheon at Peacock Inn.

Adjournment was then taken and the delegates and visitors enjoyed luncheon at the Peacock Inn. Luncheon was served in the Blue Room and the occasion proved most pleasant.

At 1:30 o'clock the session convened at the Public Library with a large attendance. The constitution and by-laws were adopted and then reports were made by the various clubs.

Mrs. A. L. Adams of this city presented her resignation as a member of the Health committee.

Mrs. Adams has been an indefatigable worker in the affairs of the Federation and her resignation was received and accepted with regret.

Miss Miner of the literary extension work department had the largest committee present. She also brought Miss Anna Price of Springfield, who delivered a splendid address. Other members of the committee present were:

Mrs. H. G. Vandeventer, Mt. Sterling; Mrs. J. H. Dearborn, Mason City; Mrs. Blake, White Hall; Mrs. Frackleton, Petersburg; Miss Mary Gibbs, Griggsville; Mrs. J. M. Overton, Winchester; Mrs. Phinney.

ILLINOIS TACKLES

WESLEYAN TODAY

Illinois Meets Wesleyan in Crucial Games of Season—Should Win Game If Consistent Football Is Played.

Coach Hermon will take his Illinois College squad to Bloomington today where they tackle the Wesleyan team this afternoon.

Not much is known of Wesleyan's strength, tho they defeated Eureka last week by a score of 12 to 0, their scoring was not done until the fourth period and indicated that Wesleyan is not possessed of much of a punch.

Illinois has been given some stiff workouts the past few days by Coach Harmon. The coach said last night that if the men get together and play the game they are capable of playing they should win this afternoon.

If Illinois wins today it will place them in line for the championship of the Little Nineteen, as she will be tied with Millikin for the honor and the teams will meet on November 22.

The following men will be taken on the trip by Coach Harmon: Capt. Strickler, Manager Best, Fanning, Itner, Bronson, Fiedling, Andrew, Reiss, Mutch, Cully, Locke, Barnes, Bush, Tomlinson, Gunn, Ferreira, Jones.

Makers of men's silk neckwear report a shortage of desirable silks. A limited assortment is allotted to each dealer with no guarantee that the ties will be delivered before Feb. 15th.

FRANK BYRNS' Hat Store recommends buying Christmas neckwear this week.

PAID TRIBUTE TO FORMER TEACHER

Miss Emma Edith Johnson whose funeral was held at ten o'clock Thursday morning during her service in the city schools was eulogized as a teacher at David Prince, Jefferson, Franklin and Washington schools. Yesterday morning at 10 o'clock the hour of the funeral the teachers and pupils in these schools stood in silence for a moment as a tribute of respect to her memory.

CIRCUIT COURT TERM WILL SOON BEGIN

Friday Will Be Last Day of Service—Several New Suits Filed Yesterday—School Trouble Near Prentice Brings Court Action—Docket Is Heavier Than Usual for November.

This will be the final day of service for the November term of the circuit court, which will convene Monday, November 10. Judge E. S. Smith will preside. The summons to grand jurors were issued recently and have been served by Sheriff Weatherford and his deputies.

The Grand Jury.

The jury will include the following:

Luther Wiley, Alexander; Harry Ogle, Arcadia; Albert Gray, Centerville; James Gilman, Chapin; G. J. Dewell, Franklin; Roy E. Souza, James McBride; John R. Hill, Elmer Henderson; John Moss, A. R. Taylor, Charles Elliott, Owen Magill, Charles Ratichak and Harry H. Summers, Jacksonville; Denby Killam, Markham; J. A. Hildebrand, Meredosa; Dade Mawson, Mur-rayville; John Miller, Nortonville; William P. Newell, Prentice; James Wilson, Sinclair; W. A. Jones, Waverly; George S. Beckman, Piggan.

The docket for the term which has been compiled by Circuit Clerk Boston shows a larger number of cases than usual and still others will doubtless be filed today. There are seven continued criminal cases on the docket and eight appearances. There are twenty-nine continued law cases and 48 new cases. On the chancery side there are 69 continued cases and sixty-five new cases.

Some New Suits.

Several suits were brought yesterday.

F. L. Sharpe, thru his attorney, W. N. Hairgrove, has brought a suit against the railroad administration asking for \$1,000 damages. This action is the result of an injury that Mr. Sharpe received while traveling on the Chicago & Alton railroad some months ago.

The praecipe has been filed in an assumpsit suit brought by W. N. Hairgrove for J. S. Sheppard and J. E. Ross against B. D. Cade. The amount of damages claimed is \$1,000.

F. L. Gregory as attorney for Bergschneider & Kumble has brought a suit in assumpsit against Mrs. D. R. Wooster. The papers indicate an obligation of \$175.

W. H. Kitter is the complainant in an assumpsit suit against Eliza McAllister. W. E. Thomson is attorney for the complainant and the praecipe indicated an indebtedness to the extent of \$1,200.

Another suit in assumpsit is that filed by John T. Mutch vs. W. B. Rexroat, E. L. Clark and F. J. Garland. The praecipe in this case suggests \$1,000 damages and has been filed by W. N. Hairgrove as attorney.

School Discipline Mixup.

J. O. Priest is attorney for the complainant in a suit filed for O. R. Adkins, by John Adkins, his father and next friend, against Anna E. Davison, Joshua Hubbs, and V. H. Lockett. The bill charges that the said Oakleigh Adkins, who is a lad twelve years old, was wrongfully punished by Miss Davison, who is a teacher in school district 17, and that further the lad was wrongfully expelled from school. It is the further charge that Joshua Hubbs and V. H. Lockett as directors of the school, have sided with Miss Davison and so have sustained the order she made in expelling the boy from school.

The bill declares that the boy was always orderly and respectful but that the teacher derided him in presence of his playmates and humiliated him in various ways. The bill further charges that the situation is really the result of some pretended grievance that Mr. Hubbs and Mr. Lockett have developed and maintained against John Adkins, the father of the boy. The court is asked to issue an injunction to restrain the teacher and directors from interfering with the boy and to thus permit his attendance at school. The statement of the directors and teacher in answer to the charges in the bill will be made when the court hearing is called.

Public Sale—A closing out sale will be held at my farm northeast of the city Nov. 5 at 1 p. m. W. M. DWYER.

RETURN FROM KANSAS

Mr. and Mrs. John A. Ayers have returned from Baldwin, Kans., where they were guests at the home of Mr. and Mrs. W. H. Garrett. Altho Mr. Garrett is still a valued member of the faculty of Baker university, because of his health he devotes some time to outdoor interests and is operating a somewhat extensive orchard with success.

COAL STRIKE AS RELATED TO JACKSONVILLE INSTITUTIONS

Strike of the Bituminous Coal Miners Will Affect Hospitals, Industrial Plants and State Institutions—Few Business Houses Have More Than from One to Three Weeks Supply of Fuel in Storage—Public Schools Have Good Supply.

Strike order of the United Miners effective tonight at 11 o'clock will result in the production of bituminous coal will cease for an indefinite period. The government takes drastic action to operate the mines, or the demands of the strikers are agreed to by the miners. The crisis in the coal situation in the nation face to face with serious prospect. Even if the federal authorities should attempt to work the mines, without the consent of an agreement with the mine workers, coal production would necessarily be curtailed to some extent.

out of coal. The coal men of the city have been making frantic efforts for the last two or three months to get fuel to fill their orders but it has seemed almost impossible to get the mines to deliver the fuel. The families where there are little children or where there is illness, with no fuel on hand, will be taken care of first, and the local companies are doing the best they can to relieve the emergency.

A resume of the coal situation in Jacksonville is given herewith:
Illinois Woman's College
The Illinois Woman's College is in fairly good circumstances for the coming coal strike as this institution has about six weeks supply on hand at the present time and a number of cars stored for the emergency.

City of Jacksonville
The city authorities, having foreseen the coming fuel crisis have been storing coal for the present situation and have at this time on hand between three and four week's supply of fuel. Beside the coal in storage at present there are several cars in transit for the municipal needs and unless the strike lasts longer than 30 days the city will be able to get by in good shape.

School for the Deaf.
One of the institutions in the city where the situation is the worst is at the Illinois School for the Deaf. Superintendent White stated yesterday to a Journal reporter that up to a few days ago they had only had a week's supply of fuel on hand. During the last two days, however, the superintendent stated, a large amount of coal had been hauled to the Deaf and that at the present time the institution had approximately a ten days supply of coal. If the coal strike lasts two weeks, without the supply at this institution is replenished, the situation there will be most serious.

Passavant Hospital
The situation at Passavant Hospital is none too good. There is at the present time only one week's supply of coal on hand there. A local coal dealer who has been supplying this institution with fuel during the past year stated yesterday, however, that he would be able to take care of the hospital as several cars were stored for the use of this institution.

Our Saviour's Hospital
Father Formaz stated last night that the fuel situation at Our Saviour's Hospital is serious. There is only a few days' supply of fuel on hand at the hospital. The same situation also prevails at Rount College and at the parochial schools where very little coal is now available. The firm of Harrigan Bros., which has the contract for supplying these institutions with fuel, yesterday assured Father Formaz that they would be able to take care of the hospital, so that in a short time it is hoped that the fuel supply at these institutions will be materially added to.

Dr. Kennibrew's Hospital.
The private hospital of Dr. A. H. Kennibrew is fairly well off in the fuel line. Dr. Kennibrew

stated yesterday afternoon that he had on hand at the present time about five tons and that he secured this with great difficulty. This tonnage would last only about three weeks, however, in case of very cold weather.

School for the Blind
The State School for the Blind is in the best circumstances of any of the local institutions or plants of any kind in Jacksonville as far as fuel is concerned. Superintendent Woolsten stated yesterday that he has enough coal in storage at present to run the school until January first.

J. Capps & Sons, Ltd.
The big woolen mill of J. Capps & Sons, Ltd., is none too well off from the standpoint of fuel. Harry Capps, president of the company, stated that they had on hand at present sufficient coal to last them about three weeks. And Mr. Capps added that this three weeks surplus of fuel was secured thru two months of effort.

Illinois College
President C. H. Rammekamp reported that there was sufficient coal stored at Illinois College for that institution between three and four weeks. The college has had some coal hauled out and piled on the campus near the engine room, not having enough storage space inside the building to accommodate all they wished to store.

Academy Hall.
At Academy Hall, President Rammekamp said, there was no storage room available, that there was at the college on the hill and that for this reason there was at the present time only about a week's supply at the Academy.

Jacksonville Packing Co.
There is only about two weeks supply of coal now in storage at Jacksonville Packing company. General Manager Fred Begg stated yesterday afternoon that they had been making desperate efforts for the past two months to secure fuel to store for this emergency but had been unable to do so. If the production of coal is cut off more than two weeks the local packing company will be in a serious situation unless more coal, which is expected in transit, arrives at the plant.

Jacksonville Railway & Light Co.
Superintendent Gray, of the local utility company, reported that unless the strike is long and the production of coal is cut off for several weeks, that the Jacksonville Railway & Light company would be able to take care of the needs of its patrons here. The company has in storage in the city at present 2,000 tons of screenings, and this amount of fuel would enable the company to operate, even if no more fuel could be obtained, for a period of six weeks. Mr. Gray stated that the gas coal supply was on hand in sufficient quantity to furnish the city with gas for a period of from twenty to thirty days.

Local Car Shops.
George W. Imgrund, superintendent of the Chicago, Peoria & St. Louis railway machine shops, stated yesterday to a Journal man that he had sufficient fuel to operate the plant only about two weeks. He said that there was on hand at the present time only about a dozen cars of coal at the shops and that this would afford enough coal for probably one week's supply for the locomotives. Unless additional coal is received at the local car shops the situation there will be serious within a short time.

The Public Schools.
Superintendent H. A. Perrin was out of the city yesterday on business but Thomas Hopper, member of the board of education, stated that there was on hand at this time a sufficient amount of coal to take care of all of the ward schools and the David Prince building for a period of from sixty to ninety days. The board of education has a contract with Harrigan Bros. this year and thru this firm the schools have been supplied with a goodly supply of fuel, enough to put the schools out of danger from a strike, at least for some time.

Jacksonville State Hospital
The Jacksonville State Hospital is also well fixed as far as coal is concerned. The hospital has about 3,000 tons of coal in storage now. There are also nine cars on the tracks here for the institution, which would increase the total amount on hand for this state hospital by about 450 tons. It is estimated that the institution has a coal supply sufficient for about 60 days.

Norbury Sanitarium
The Norbury Sanitarium company has between three and four week's supply of coal on hand and unless the strike should be of great length will be able to get by the crisis safely.

ALTON BUSINESS TO SLUMP WITH STRIKE

Traffic on Road Will Suffer Heavily if the Coal Mines Are Closed Down—Coal One of Principal Causes of Winter Tonnage—Other Notes of Railways.

Interest in Chicago & Alton circles yesterday centered in the impending strike of the coal miners. The Alton than most of the other western roads, due to the fact that the major portion of the freight traffic handled is coal. The loadings during the past month have ranged from 500 to 1,000 cars per day and the company and train and engine crews will sadly miss this business if it is lost while the mines are idle. Not only will the loss of the business be serious, but the question of supplying fuel to supply locomotives and the boilers of the power house at the shops, is even more so. The Alton has at present about 14,000 tons of coal stored at Springfield. This is piled up on the ground. Perhaps there will be an equal amount available in cars and which will be loaded prior to Friday night when the strike is to take place. Should there be 30,000 tons in all, subject to the use of the company, this will be about seven to ten days' supply. Normally the Alton consumes about 5,000 tons of coal per day. This

consumption will naturally lessen with the reduced number of trains operated. The officials have not yet considered a reduction in passenger train service and will not do so except as a final alternative in order to keep some trains in operation as long as possible. Food trains will be given the preference and merchandise and other products, less pressing, will be held back. By reducing train service and husbanding the supply of coal with great care the company may be able to keep some trains going for upward of a month. There is another possibility. The oil-burning roads of the Pacific coast and Rocky mountain states may be asked to send a number of their engines east to handle trains on the roads now using coal. This action might also have a tendency to relieve the situation. There is also a possibility that oil-burning apparatus can be attached to a number of the engines now burning coal.

With the coal strike imminent, the Alton officials are exerting every effort to keep the mines supplied with empty cars and remove the loads. The management has made a very fine showing in this direction and there has been no case where production has been affected due to a shortage of empty cars. The principal difficulty experienced by the Alton has been lack of power to move the coal that has been offered after being loaded. The company could have secured hundreds of additional trains this fall if sufficient power had been owned. As it was, the company has made a very fine showing in the way of tonnage, and the earnings for October promise to be the greatest of any month in the history of the property.

INDIGESTION

Caused by
Acid-Stomach

Millions of people—in fact about 9 out of 10—suffer more or less from indigestion, acute or chronic. Nearly every case is caused by **Acid-Stomach**.

There are other stomach disorders which also are sure signs of **Acid-Stomach**—belching, heartburn, bloating after eating, food repeating, sour, gassy stomach. There are many ailments which, while they do not cause much distress in the stomach itself, are nevertheless, traceable to an acid stomach. Among these are nervousness, biliousness, cirrhosis of the liver, rheumatism, impoverished blood, weakness, insomnia, melancholia and a long train of physical and mental miseries that keep the victims in miserable health year after year.

The right thing to do is to attack these ailments at their source—get rid of the acid-stomach. A wonderful modern remedy called **EATONIC** now makes it easy to do this.

One of hundreds of thousands of grateful users of **EATONIC** writes: "I have been troubled with indigestion for about nine years and have spent quite a sum for medicine, but without relief. After using **EATONIC** for a few days the gas and pain in my bowels disappeared. **EATONIC** is just the remedy I needed."

We have thousands of letters telling of these marvelous benefits. Try **EATONIC** and you, too, will be just as enthusiastic in its praise. Your druggist has **EATONIC**. Get a big 50c box from him today. He will refund your money if you are not satisfied.

ORDER MAY NOT AFFECT JACKSONVILLE
No Building Material in Freight Cars—Some Supplies Here.

The order of the United States Railway Administration prohibiting the use of freight cars for the hauling of sand, gravel, stone and other building material is not yet affecting Jacksonville seriously but it may to some extent if the order continues in force for some length of time. Chicago is already making a big kick on the order, claiming it is throwing 100,000 men out of work.

For several reasons Jacksonville may not feel the order at all for two weeks or more. In the first place many people, handling or using these supplies, had a large stock of materials on hand. The place where the pinch would come the worst in the city probably is on the construction work at the dam. The spillway will take a large quantity of gravel, sand and cement and it is understood that there is not a sufficient amount of supplies on hand to take care of the work to be done.

The administration issued the order to reserve freight cars for hauling coal, sugar beets and grain. If the coal strike continues for any length of time, however, it may release a great many cars for building materials.

Work on the Big Dam.
Mr. Walbridge was seen yesterday by a Journal reporter and said if he had the material he needed, thirty cars of sand and gravel, he could complete the big dam in two weeks, but of course he couldn't tell how long his material would be in coming, but he hoped not long. There is a lot of water in the dam now and though the valve to the outlet is open the rain has made the water gain on the lake which has risen in spite of the outlet. Some day or other the rain will stop and then the water will be let out which will be necessary as it is understood there are some logs yet from trees cut which have to be removed. Anyway it looks as if Jacksonville would have water enough hereafter if all goes well.

A CHEAPER COAT.

It is always a pleasure to the Journal to boost anything pertaining to Jacksonville and enterprises of the place. Yesterday a Journal reporter was conversing with a well known gentleman from distant city in the state and much larger than Jacksonville and the visitor said he was contemplating getting a fine overcoat for his father. He said he was in the city this fall and happening into a clothing store priced some overcoats and found them as good as those in his own place costing just \$25.00 more and he absolutely refused to fall a dollar in his statement. The goods here were not last year's stock but fresh and new from the makers and he promptly invested and was just about buying one his father as his own had given such good satisfaction.

Woman's Faith Helps Husband

"I owe my good faith to my wife who had faith in a newspaper ad she saw of Mayr's Wonderful Remedy. I was down so badly with stomach and liver trouble after 15 years of suffering and trying every known remedy that I had no faith in anything. This medicine has certainly been a 'God-send' to me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.—Adv.

"Gee-Whiz! How it Hurts—The Pain in My Foot!"

"Sometimes it is in my arm, Merciful Heaven, how my back hurts in the morning!" It's all due to an overabundance of that poison called uric acid. The kidneys are not able to get rid of it. Such excruciating pain you can readily overcome, and prolong life by taking the advice of Dr. Pierce, which is "Keep the kidneys in good order." Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably not water, before meals, and drive the uric acid out of the system by taking "uric." This can be obtained at almost any drug store.

Send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, take heed, before too late let Anuric (anti-uric-acid), for it will set new life into your kidneys and your entire system. Ask your nearest druggist for it or send Dr. Pierce's Kidney and Bladder Pills.

chial Troubles.

Do you really have Spanish In-
fluenza? Do not attempt self-treat-
ment with home remedies. Go to
a physician and call a phy-
sician once.

There are preventive meas-
ures which can prevent your be-
coming a victim of this deadly
disease. Men-Tho-Eze has
proved efficacious in
the treatment of sore
throat, tonsillitis, bron-
chitis, colds and all troubles re-
sulting from congestion of the
nasal and bronchial tubes. Here
in statement on Spanish

Men-Tho-Eze—Fort Dodge, Iowa

For such treatment Men-Tho-
Eze is ideal. The goose grease
and turpentine in this prepara-
tion serve as an ointment, while
the wintergreen and menthol form
fumes which are breathed into the
lungs and bronchial tubes. This
breaks the phlegm. The Men-
Tho-Eze not only keeps the nasal
membranes healthy and fit to
throw off germs, but it quickly
breaks up a cold which might de-
velop into Spanish Influenza or
some other serious trouble.

Men-Tho-Eze is a scientific com-
bination of grandmother's old-
fashioned goose grease and tur-
pentine and the medical wisdom
of China, which gave us winter-
green and menthol. It has
proved a remarkable remedy for
colds, catarrh and la grippe. Let-
ters have been received from Span-
ish Influenza sufferers who have
used Men-Tho-Eze with beneficial
results.

Men-Tho-Eze should be in every
home. An application in time will
often save a doctor bill.

THE LEAGUE OF NATIONS

Oct. 29, 1919.

Editor Journal:—
Senator Poindexter of the state
of Washington, in a recent speech
opposing the League of Nations,
asks: "What's in it for us?" and
the Chicago Tribune repeats again
and again the same thought:
"We don't need the League—we
don't need Europe—we can get
along without the League—Eu-
rope wants it, we don't," etc.

Let us see.
In a recent article I quoted
Senator Lodge, who described
with great particularity the men-
ace to us of "external aggression"
from Japan. He said the next de-
fense of civilization would be on
the Pacific, and the United States
would be compelled to bear the
brunt of it.

And just a few days ago Sen-
ator Sherman declared in the sen-
ate that: "the next war of any
consequence would be our war
with Japan."

Won't we need Europe then?
Won't we need the League then?
In fact, if Senator Lodge and
Senator Sherman are true proph-
ets, the United States will cash
the first dividends in the invest-
ment in the League of Nations.
We will need the League before
Europe needs it.

If Senator Lodge and Senator
Sherman are correct, the United
States may suffer as France suf-
fered. When the Japanese fleet
enters Puget Sound to destroy ev-
erything in reach, Senator Poin-
dexter, of the state of Washing-
ton will "call upon the mountains
to fall upon him." He will be
ashamed to call upon Europe
then, for he spurns Europe and
the League of Nations now.
Article 10 of the League of Na-
tions would bring the British
fleet to our rescue. But Poindex-
ter is opposed to Article 10, which
obligates all the members of the
League to "respect and preserve
as against external aggression the
territorial integrity and political
independence of the members" of
the League.

If we join the League and
subscribe to Article 10, then we
need not fear the Yellow Peril.
For Article 10 will bring to our
aid all the armies and all the
navies of the earth. Do we want
this security?

We cannot have it unless we
join the League and subscribe to
Article 10.

The Golden Rule applies. We
cannot expect Europe to help us
unless we are willing to give out
promise to help Europe.

The only way to destroy this
logic is to destroy the speeches
of Senator Lodge and Senator
Sherman.

If those speeches speak the
truth, then we will need the
League of Nations and need it
first.

Cut Down Your Cost of Feed

The Stock Feeder Who Knows How
to Feed Makes Money Easily

UNITED Feed Mill

To obtain the best results, grind your grain. There is plenty
of good evidence that proves the feeding value of ground grain.
Wisconsin Agricultural Experiment Station fed dry corn to
dairy cows and 13.3 per cent of it passed through the animals
undigested. The Ohio Station showed by test that the aver-
age daily milk by cows during fourteen days tested 16.2 lbs.
when fed on corn and cob meals against 15.7 lbs. when fed on
ear corn. Kansas Experiment Station showed that 16 per cent
of the whole grain passed through the animals without even
being broken up. And on thousands of farms today there is a
tremendous waste by feeding whole grain, all of which could
be saved to the benefit of the farmers and the buying public
by grinding the grain. More weight by use
of less grain means public benefit.
The problem of today is to make the same
amount go farther—let each one try to save
and then see the result. More hogs and
more cattle for less cost, thereby obtaining
more dollars for less grain—Grind Right.

UNITED FEED MILL

The United Mill is Built to withstand the hard-
est usage. Every part is perfectly fitted and
finished. Will grind more of any grain with
less power than any other mill.

Will grind from coarse feed for stock to the finest
table meal desired. The United is equipped
with the Diamond Disc, self-sharpening, auto-
matic aligning, with more cutting edges than on
any other grinder. The flat face cross cut dia-
mond teeth produce a positive shear cut so nec-
essary when grinding oats or similar grain.

We carry in stock all sizes from the small hand
mill to the large tractor size which will grind
100 bushel corn per hour. We are positive we
can save you money.

delicious to eat-

MY, how good a steaming hot dish of Wheat-O-Corn tastes for a winter morning breakfast! And when noon comes, you are delighted to have Wheat-O-Corn muffins for lunch. The combined flavor of wheat and corn gives this new cereal an especially pleasing flavor.

Wheat-O-Corn is sterilized under tremendous heat, making it absolutely pure and clean. Human hands do not touch it. The air-tight packages containing Wheat-O-Corn are sealed by machinery.

Every package contains sufficient for forty good sized dishes. Put it on your grocery list today. The leading grocers carry it.

PUBLIC SALE HELD AT BLUFFS BAKERY

G. J. Behan Disposed of Bakery Equipment Wednesday—Frank Parker Purchased Residence Property—Other Items of Interest.

Bluffs, Oct. 30.—G. J. Behan held a public sale at the bakery

Callus? "Gets-It" Will Peel It Off!

Nothing on Earth Like Simple "Gets-It" for Corns or Calluses. A callus, or thickened skin on the sole of the foot, which often makes walking a misery is of the same nature as a corn. "Gets-It"

Use "Gets-It" and Dance, Even with Corns. removes it as easily as it does the toughest corns. By using a few drops of "Gets-It" on the callus, you will be able to peel it off with your fingers, in one complete piece just as you would a banana peel. It leaves the skin free and smooth, as though you never had a callus. You need no more fussy plasters, sticky tape, "package" bandages, knives or scissors for corns or calluses. "Gets-It" is the national corn remover, the biggest on earth, used by millions. It never fails. You'll work, play and dance at will in spite of corns. "Gets-It" is the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfd by E. Lawrence & Co., Chicago, Ill. ARMSTRONG'S DRUG STORES.

Wednesday afternoon. Owing to the heavy rain, the sale was held indoors and the splendid up-to-date furniture, rug, etc., did not bring full value as was expected. Mr. Behan, who has been proprietor of the Corbridge Bakery for the past year will return to his former home in St. Louis, the first of the month.

The public sale held at the home of Mrs. Anna Griggs Tuesday afternoon was fairly well attended and the household goods brought a fair value. She expects to leave soon for Springfield to keep house for her son, L. B. Wolford.

Floyd Hiernan and family will occupy the Minnie Weiss property in the north part soon to be vacated by Otto Bossee and family.

Frank Parker has purchased the Magnier property occupied by John Green and family and will occupy same as soon as the necessary repair work is done. Consideration \$1,000.

Dr. C. A. Evans and son Rex are the guests of relatives in Saybrook this week. Dr. H. L. Day of Exeter will look after Dr. Evans' patients during his absence.

Mr. and Mrs. M. E. Flen, former residents of the vicinity of Bluffs have arrived from Mulvane.

FOR SKIN TORTURES

Zemo, the Clean, Antiseptic Liquid, Just What You Need. Is Not Greasy

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo obtained at any drug store for 35c, or extra large bottle at \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ring worm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

The E. W. Rose Co., Cleveland, O.

Kansas for a visit with relatives and friends.

Mrs. Harry Nelson will dispose of her household goods at a public sale in the near future and take her up residence elsewhere, probably Galesburg, her former home.

G. C. Roekwood of Springfield was a visitor in town Wednesday night, remaining until Thursday.

Mr. and Mrs. Oda Owens and children of near Winchester attended the Anna Griggs sale Tuesday afternoon.

Mrs. Horace Arnold and son Alvin spent Tuesday and Wednesday with relatives in Baylis.

Mrs. William Vannier was a business visitor in Springfield Monday.

TOWN TALK

Peril Wrist Watches.

Gauntlet gloves may bring the return of the watch chain and the chateleine, jewelers of the city say. The new gloves, which make the wrist watch inaccessible, is the one thing needed to mark the disfavor of the bracelet watch, which has been in style too long, women say.

Keeping Up With Billy. Billy, 7 years old, who has been getting "E" (excellent) and "G" (good) on his school reports (second year), returned home a few days ago with his card marked "F" as an indication of his behavior and application to lessons.

"Well," said father. "What's the matter?" "Ain't that all right?" Billy asked. "Why haven't you an 'E' or a 'G'?" This "F" means Fair.

Billy replied with conviction: "Doesn't either, it means Fine."

Careless Father. The smell of "something burning"—these words being the household bugaboo—disturbed the peaceful evening just after the man of the house had reached the slipper and magazine stage. A hurried search disclosed nothing tho the odor became stronger and stronger. Just as father was about to step to the telephone and call the fire department, a discovery was made. Sparks from his pipe had lodged on an important garment and again a tailor will be needed.

Score One for Woman. "The man condemned by nature or misfortune to wear a wig is far harder to satisfy than a woman who buys extra hair," said a dealer. "The woman is concerned as to matching her own hair, but the bald headed man is worried about the shade. Sometimes after he is fitted up nicely he will decide that he likes a different color and wants to make a switch. One man, 55 years old, whose mustache was all gray, insisted on a light curly toupee, which made him about 20 on top and all his years below his nose. We do our best to keep them from making themselves ridiculous, but sometimes to retain good will we have to submit, squaring our consciences with the thought that the wearer is the one who must suffer."

Cruising Southward

Somewhere on the winding expanse of the Mississippi river is a fleet of Detroit pleasure power boats, southward bound. The fall migration of these pleasure fleet commenced some two weeks ago, according to news dispatches. Most of the pleasure cruisers left the Great Lakes in charge of veteran lake skippers who will deliver the craft to southern waters, where the owners will spend the winter. The pleasure fleet summered on the Great Lakes.

HAD GOTTEN THE BEST OF COLBURN

Was So Run Down from Trouble He Was Flat on His Back—Gains 30 Pounds.

"I have gained thirty pounds since I commenced taking Tanlac, and the troubles that have been causing me to suffer for eighteen long years have been completely overcome," said William Colburn, who lives at 2118 East Lawrence Ave., Springfield, Illinois, while talking to a Tanlac representative the other day.

"Yes, sir, I was flat on my back in bed when I commenced taking Tanlac," continued Mr. Colburn, "and was so weak that I couldn't raise my head. I had suffered with stomach trouble so long and so much until it had the best of me altogether, and I was simply living on milks and liquid diets. I often had bad attacks of acute indigestion, and would suffer so much that I would become delirious. Once or twice before I got so bad I couldn't leave my bed, these spells came on me while I was away from the house and I just had to lie there in an unconscious condition until somebody happened along and found me. I was awful nervous, too, and never got a good night's rest. I tell you, I was in a bad fix, and instead of getting any relief from the different medicines and treatments I took, I just got worse all the time."

"My wife got to reading about Tanlac, and as it was doing so many people so much good, she just went to the drug store and bought a bottle of it for me. Well, I took it for several days before we said anything to anybody about leaving off the other medicine that had been prescribed for me, but when I commenced to mend so fast, we just told about it, and I kept on taking Tanlac. Every day I got stronger, and it seemed that the more Tanlac I took the more I could eat and the better I felt. Then I noticed that what I ate didn't seem to hurt me at all, and in a short time I was able to get out of bed and knock around in the yard and soon I ventured down town, and I felt fine when I got back home, and when I had taken four or five bottles I felt so good and strong that I went back to work, and I haven't lost a day since. I just want to tell you right here that you won't find a sounder man anywhere in this country than I am now. Why, I am sixty years old, and I can actually do as much hard work in a day now as I could when I was thirty. Yes, sir, you can put me down as a friend to Tanlac, and as long as I live I will boost it every chance I have."

Tanlac is sold in Jacksonville by Coover & Shreve, in Meredosia by Mr. R. B. Field, in Murrayville by M. E. Gilbert, in Waverly by the Wyle Drug Co., in Woodstock by The Hoy Pharmacy, and in Chapin by Jno. Onken & Bro.—Adv.
